

# COME TO WORKSHOP FOR FREE AND BRING YOUR FRIENDS!

## THE NASC PYRO PROGRAM

Did you have fun at Workshop last summer? Well then get your friends to come with you this year – and if you can get 15 of them to sign up, we'll let you come for free!

## HOW IT WORKS

NASC PYROs recruit other students to come to Workshop – when you do, we'll pay for some or all of your registration fee (depending on how many students you sign up). We'll give you all the materials and information you need to talk about Workshop, your job is just to share your experiences and help convince your friends to join you in 2010!

We know that the best people to talk about Workshop are the ones who have been there. And that's you!

## MULTIPLE PYRO'S

Want to team up with a friend to help recruit? Be our guest! You'll need to get twice as many students signed up, but you'll have twice the persuasive power to do it. Just make sure you let us know you're working with someone.

## ELIGIBILITY

PYRO's must be middle school or high school students who have attended JAM or SLW and are eligible to attend Workshop in the summer of 2010.

## WHO YOU CAN RECRUIT

Anyone! It doesn't matter if the students you get to sign up are going to JAM, SLW or ALW. And you can recruit from any school you want. So if you're a high school student, you can head back to your middle school and talk up Workshop to the future leaders in your community.

## How to Sign Up:

Email PYRO Coordinator Michelle Fluitt at [pyro@nasc.org](mailto:pyro@nasc.org). She'll answer questions and get you signed up.
